

Biodiversity Policy

Sansiri Public Company Limited and its affiliates (collectively, “Sansiri”) recognize the potential impact of project development, project management, as well as the whole chain of business conduct, and so Sansiri places great emphasis on roles, duties and responsibilities for operations affecting the environment and biodiversity. Therefore, the Board of Directors of Sansiri Public Company Limited has established a biodiversity practice policy to be in line with Sansiri’s sustainable development policy as follows:

In this regard, Sansiri is committed to the following matters:

1. Creating a space that allows residents of the project that Sansiri develops and manages to interact with nature.
2. Studying the Environmental Impact Assessment (EIA) report of domestic projects.
3. Carefully studying biodiversity for projects by formulating action plans and environmental management and monitoring plans.
4. Preparing measures for prevention and mitigation of environmental impacts and measures for monitoring and auditing of environmental impacts.
5. Protecting and managing biodiversity by refraining from development or implementation of projects in the IUCN Category I-VI area.

This Policy has been considered and approved by the Board of Directors at the meeting No. 10/2024 on 13 December 2024 and shall enter into force from 13 December 2024 onwards.

(Mr. Apichart Chutrakul)
Chairman of the Board
Sansiri Public Company Limited
